### RevivEU Webinars

Welcome to the second October newsletter!

We invite you to participate in further webinars on the **RevivEU** project. The webinars respond to the results of a comparative study comparing public discourse and policies in the V4 countries. In May, the results in the Czech Republic were published and now we have a second webinar comparing policies and discourse on migration, climate, post-pandemic recovery and the rule of law. This webinar will be held in English. This will be followed by a webinar, this time in Czech, on post-pandemic reconstruction in the V4 countries. **The webinars are free**, registration is possible using the links below.

We look forward to seeing you in the next newsletter.
