New episode of the Café Evropa podcast | Continuing the DezinfoCzech project

Welcome to the second September newsletter!

We invite you to listen to the next episode of our **Café Evropa podcast**. This time again, young people were given the opportunity to talk about their experiences. The second episode, which will be released at the beginning of October, focused specifically on the **European project DiscoverEU**, where 18-year-old Europeans can get a free **Interrail** ticket for seven days to travel around Europe. You can find the Café Evropa podcast on all podcast platforms or on the [Café Evropa website](#).

We are also continuing with other projects. One of them is **DezinfoCzech**, which we post in its complete version on our [Instagram](#) every month on a new topic. DezinfoCzech is aimed at exposing the most common misinformation narratives related to European topics. In the second part, we looked at the topic of **migration** and related misinformation. Every month, until November, we will introduce a new disinformation topic and the related disinformation narratives. We will also write up all the news for you monthly in our newsletter. You can find the latest summary below 📌.

We look forward to seeing you in the next newsletter.

TCCS4CEE Conference

On 13 September 2023, under the auspices of the Ministry of Industry and Trade of the Czech Republic, an inspiring **final conference in the field of CO2 capture and storage in geological structures** within the multi-year **CCS4CEE** project took place. This event represented an important step towards a more sustainable future for Central and Eastern Europe. Read more [here](#).

Empowering Serbian CSOs involved in the decarbonization process through the V4 experience

We also participated in the final conference **Empowering Serbian CSOs involved in the decarbonization process through the V4 experience**, which took place in Belgrade, Serbia. Read more [here](#).
